Every day as an artist is an act of will. Starting a career as an artist requires fortitude, self-belief and self-knowledge.

So what is the self? These artists have asked this question through their work, as they forge their space and find their voice. From backgrounds diverse, dispersed, different and altogether their own, they meet at this point, here, with you, together.

### **Featured Artists**

Crystal Chan, Alison Dias, Abbey Gilbert, Sbobu Ndlangamandla, Ellie Kayu Ng, Lola Panco, Alayna N. Pernell, Elena Redmond, Aqua Rose, Gabriella Spiegel, Shannon Stewart and Kevin Williamson

### **Walter's Cube**
